24:7 CLARKSON
QUARTERLY REPORT
TERM ONE 2026

THIS REPORT DOCUMENTS OUR ACHIEVEMENTS FROM JANUARY TO APRIL 2026.

OUR LEADERS

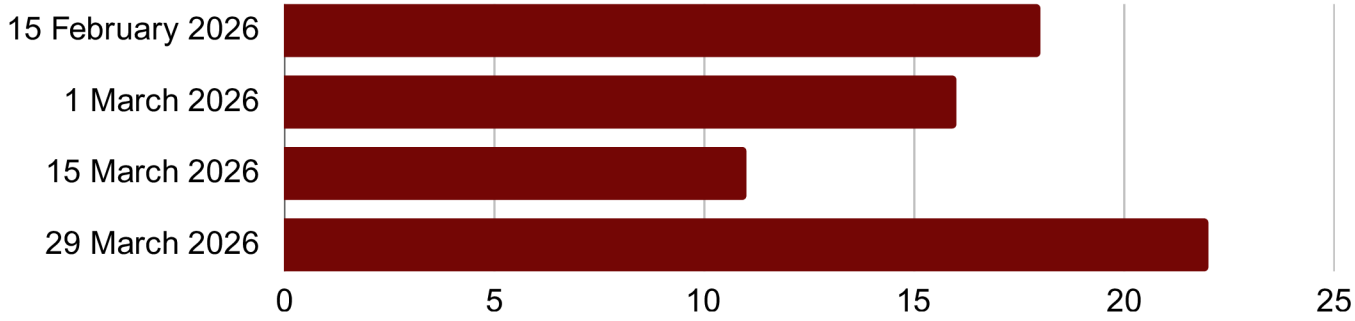
We have a fantastic crew of 2 Volunteer Leaders supporting the youth group.

TERM ONE : YOUTH GROUP THEMES

Term Theme: Matthew 5 - Salt and Light
February 15th - Games Night
March 1st - “You are Salt”
March 15th - “You are Light”
March 29th - “So That We May Glorify God”

ATTENDANCE STATISTICS

This quarter saw 21 young people attending at least one youth group. We achieved an average of 17 young people at each night, with the highest nightly attendance of 22 young people recorded on the 29th of March 2026.



PARISH ENGAGEMENT

Both Michael and Chelsea have attended parish Masses to remain actively involved in the parish community and to promote youth group events during parish notices. This presence has strengthened the connection between the youth group and the wider parish.

We are also preparing to organise a fundraiser that will encourage the youth to participate, serve the parish community, and support the continued growth of the youth group.

OTHER ACTIVITIES & EVENTS

We had the 24:7 Launch event to kickstart the year on the 30th January as well as the 24:7 Leaders Orientation Training Session on the 21st February. We visited St Andrew's CPS, where we connected with students, introduced the youth group, and invited them to participate in parish youth activities. I have also organised an upcoming visit to St Francis of Assisi CPS to continue strengthening our outreach to local schools.

Michael is currently arranging a school visit to Irene McCormack Catholic College to further expand opportunities for young people to join the youth group and to support the development of a leadership team.

TERM ONE : YOUTH GROUP GOALS

Attendance Goal: Grow the youth group to an average of 15 by the end of term 1.
Leadership Goal: Form leadership team. Consisting of at least 3 Volunteer Leaders and Student Leaders,
Content Goal: Increase engagement and focus during talks.

WERE THESE GOALS ACHIEVED

Attendance: We achieved our goal of reaching an average of 15 youth by the end of Term with a current average of 17 young people.
Leadership: We did not achieve our goal of forming a leadership team with at least three Volunteer / Student Leaders. We will continue working toward this in Term 2 through school visits to Irene McCormack CC and by inviting potential leaders via the network-wide group.
Content: We achieved our content goal. Engagement and focus during talks improved significantly, with less side-talking and better content retention.

TERM TWO : YOUTH GROUP GOALS

Attendance Goal: Grow the youth group to an average of 20 by the end of term 2.
Leadership Goal: Form leadership team. Consisting of at least 3 Volunteer and Student Leaders.
Content Goal: Using the content theme of The Seed we hope to engage youth in discussions around faith.

TERM TWO : YOUTH GROUP THEMES

May 3rd : The Seed - Starting the Journey
A seed contains the beginning of life. Though it is small, it holds all the potential needed for future growth. Every journey of faith begins with encountering Jesus and responding to his call.

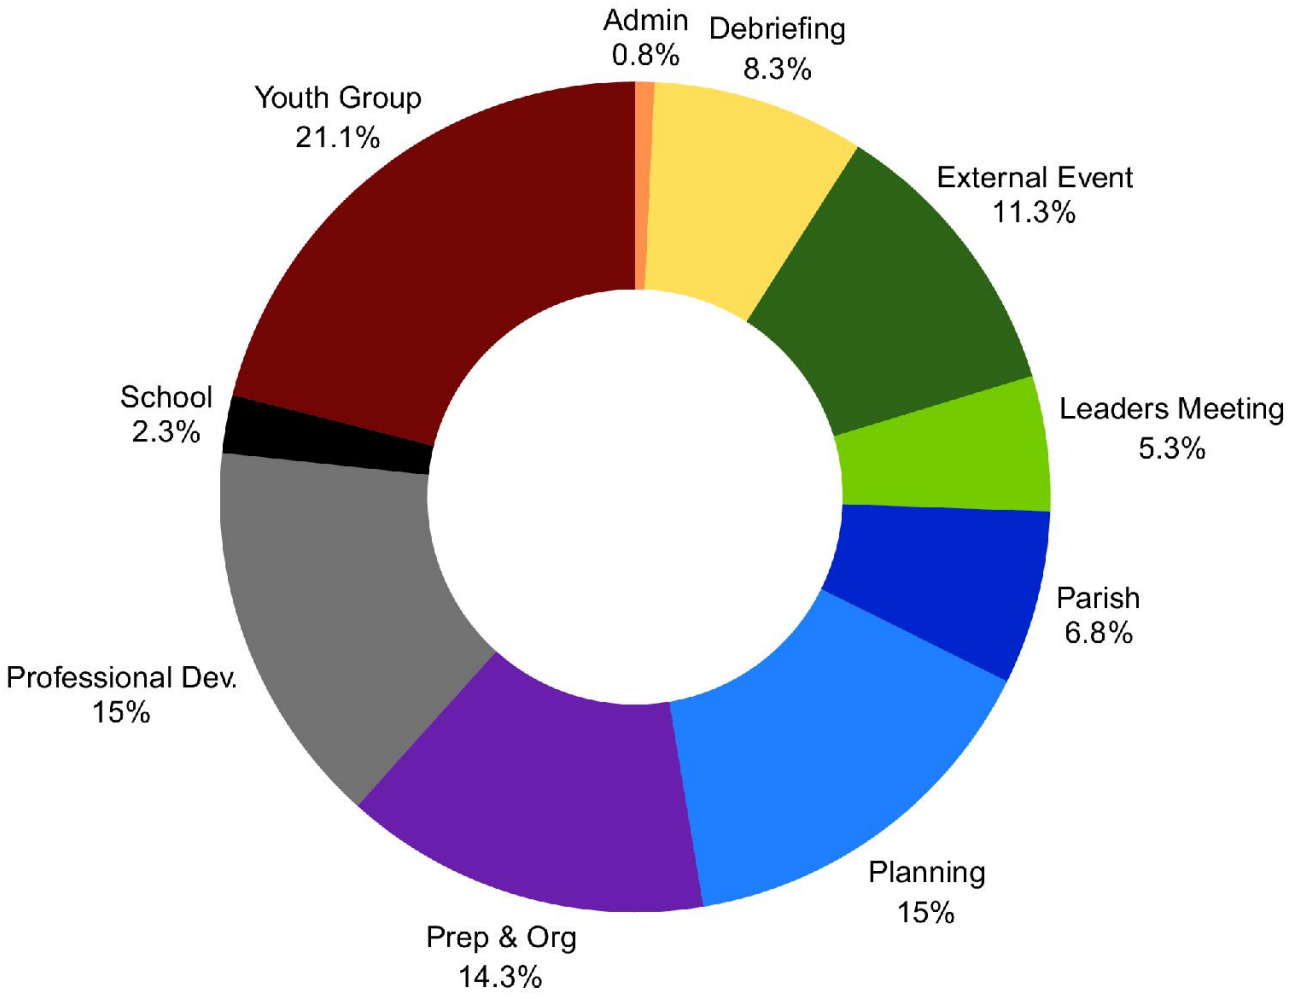
May 17th : Germination - Building Faith Habits
During germination, the seed begins to sprout. The first roots grow downward seeking water and stability. Similarly, our spiritual roots grow through daily practices, such as prayer, scripture, and the sacraments.

May 31st : The Seedling - Overcoming Spiritual Dryness
When the seedling emerges above the soil and develops its first leaves, it is fragile and vulnerable.

June 7th : The Mature Plant - Trusting God Through Change
For plants to grow stronger, taller, and more stable, its roots need to be deeper, so that it may withstand stronger winds. Christian maturity means trusting God through life’s changes and challenges.

June 21st : Flowering and Fruiting - Becoming a Mature Christian
A mature plant produces flowers and fruit, allowing new seeds to form and life to continue. Christian maturity means bearing fruit through love, sacrifice, service, and holiness.

YOUTH MINISTER'S WORK

05


Each Youth Minister completes weekly timesheets outlining the tasks that have been attended to in the course of their work. A breakdown of their work time is presented in the following graph:
